NIHAN Geriatric Seminar For Older Adults and Caregivers

Via Google Meet

Nevada Interprofessional Healthy Aging Network (NIHAN) Project is federally funded by HRSA's Geriatric Workforce Enhancement Program (GWEP)

NIHAN GWEP offers training seminars for older adults, caregivers, and community-based organizations who provide care to elderly patients. Various topics of the geriatric seminars are based on the 4Ms framework for Age-Friendly Health System to improve overall health of older adults. Each training is 60-minutes, and participants will have an opportunity to ask questions to geriatric experts directly.

[Click To Register](#)

or Email to nihan@unlv.edu to receive the registration survey link.

Participants will receive a confirmation email with a link for the Google Meet upon registration.
